## What is Robux Generator and how it works?

We're upgrading our database every day, so all you must do is only set your username. You don't need to put here your password. Many websites require to write password here, but they are fraudsters and all they want to do would be to hack your account and then sell it. We never require password, because our perfectly made algorithm is likely to guarantee great results even with username only. And here is how you use it: you can see robux code over this article, usually it has 5 characters and is updated daily. Just copy or recall this code, and after clicking on the image above, write that code under your username. That's all. Enjoy.
